

FUN

Match objects to numerals

Order your day in

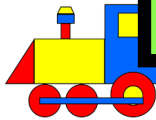

Hide numbers around the house, give instruction to them of where to find them, in, on, under, next, etc. Now order them

Ask them to tell you 1 number more than a given number and 1 less.
10 more or less
5 more or less

Draw a shape picture!

Fill small pots with pasta
Can you estimate/guess how many in each pot?
Which has fewer?
Which has more?

Maths ideas at home

Go on a shape hunt around the house for 2 D shapes. Where can you see different shapes. Describe them..how many corners?, straight edges?

Look for repeating patterns on wall paper, carpet, curtains..what will come next? can you draw your own?

△▽◎△_◎△▽◎△--

Go on on a 3D shape hunt. What shape are tins, boxes, oranges, do they roll? Describe them, how many faces?

What numbers do you recognise on the clock?
How tall are you?
Who is the oldest in your house?
Who has the biggest hand, feet?
How far can you jump? Measure your distance!

Play board games. Make your own game.

Cook
Accurately weigh your ingredients!
